Here are some comments from other satisfied customers

Dear KAFKO:

Over the past several years I have been comparing cleaners / degreasers ... Now after using OIL EATER®, I judge all products against yours!

I just had to write you and tell you how fantastic your product is and how easy the cleaning chores have become.

Sincerely,  
Ty Richards  
Los Angeles

Dear OIL EATER,

I have never cleaned my bathroom so quickly and so easily.

I had a 6 year old paint stain on a pink rug. Thanks to OIL EATER the stain is gone!

Patricia Paterno  
New York

Dear KAFKO:

I really appreciate your product OIL EATER®. I use it to clean my garage and driveway.

I just spray it on let it sit a few minutes, brush the heavy spots and rinse.

I also use it to clean my stove top of heavy baked on spills. Unlike oven cleaners I have almost no scrubbing.

Sincerely,  
Michele J. Stodamire

Dear OIL EATER®

It would be a gross understatement to say we were pleasantly surprised at the performance of your product.

By using your product, it will cut our costs by at least 300%.

Sincerely,

Fullerton School District  
Vehicle Maintenance

I have cleaned my gas grill, inside of my car, and have also used OIL EATER® to take stains out of my carpeting. I have prespotted clothes and it has taken out blood stains.

Sandy Jump  
Antioch, IL

"Thought you might like to know how your product made our granddaughter's clothes look like new. She brought her shorts and top home from day camp soaked in "washable" paints. Her mom treated it with Spray and Wash and another pre-soak.....nothing. I soaked it in Oil Eater and every bit of paint was gone!"

Rosalie Lucarelli  
Park Ridge, IL

## **OIL EATER® SAVES YOU MONEY!**

Oil Eater® is a concentrate: By using the dilution chart, you can create the cleaning power needed for hundreds of different jobs, avoiding the need for specialty cleaners and saving you money.

OIL EATER® CLEANER/DEGREASER is a water-based, fresh-scented, biodegradable cleaner that effectively replaces flammable or combustible solvent cleaners. It contains no hazardous chlorinated/fluorinated solvents or acidic-type chemicals. OIL EATER®'S formulation safely accomplishes the cleaning that previously required solvent or acidic cleaners and exposed the user and the environment to the inherent hazards of such chemicals.

The unique formula of non-ionic surfactants, emulsifiers, water softeners, and other biodegradable ingredients cuts through oily and greasy dirt, encapsulating the oil and dirt into a solution that can be easily rinsed away.

## **¡OIL EATER® LE AHORRA DINERO!**

Oil Eater® es una fórmula concentrada: Si usted sigue las instrucciones que aparecen en la tabla de dilución, podrá crear el poder limpiador que necesita para realizar cientos de tareas diferentes, evitando tener que usar limpiadores costosos y ahorrando dinero.

EL LIMPIADOR Y DESGRASADOR OIL EATER® es un limpiador biodegradable a base de agua, que tiene un fresco aroma y sirve para sustituir con eficacia los limpiadores disolventes inflamables o combustibles. El mismo no contiene disolventes clorados o fluorados, ni productos químicos de tipo ácido que ofrezcan peligro. La fórmula de OIL EATER® realiza en forma segura la limpieza que antes requería el uso de limpiadores disolventes o ácidos, y que exponían al usuario y al medio ambiente a los riesgos inherentes a dichos productos químicos.

Esta fórmula exclusiva, la cual está compuesta por agentes surfactants aniónicos, emulsionadores, suavizadora de agua y otros ingredientes biodegradables, corta la suciedad producida por los aceites y las grasas, encapsulándola en una solución que se puede enjuagar fácilmente.
